

## **COURSE SCHEDULE: NEU 301 Summer Session 1- 2023**

Refer to the course calendar (below) for a schedule of topic dates and due dates. Activity and assignment details will be explained in detail within each week's corresponding learning module (week) of the course. If you have any questions, please contact your instructor.

- Readings are from our course Open Educational Resource that is freely available to students: [Introduction to Neuroscience – Simple Book Publishing \(msu.edu\)](https://openstax.org/r/introduction-to-neuroscience). Chapters are short and focused. Be aware that you can download the book in different formats, or have it printed through the MSU Library for a nominal fee

Quizzes are all online through D2L. Note opening and closing dates/times on schedule.
