Assistant/Associate Professor Position in Inflammatory/Immunological basis of health and disease.

The Department of Physiology and division of Pathology at Michigan State University (http://www.psl.msu.edu/) seeks to fill a tenure-track faculty position (academic year appointment) at the level of assistant to associate professor in the area of the role of the immune system and/or inflammatory processes in physiology and disease. The Department of Physiology has core research strengths in metabolic diseases, cancer, and neuroscience, as well as gastrointestinal, musculoskeletal and cardiopulmonary diseases. The successful candidate is expected to develop a vigorous research program that will integrate into one or more of these research areas. The Department of Physiology, along with other basic and clinical sciences departments at Michigan State University, provides a strong intellectual environment in a highly collaborative setting.

The successful applicant will be expected to establish and maintain a vigorous, extramurally funded research program in his/her area of expertise and contribute to teaching in the undergraduate, graduate and/or professional educational programs. Applicants are expected to have a doctoral degree (PhD, ScD, DVM, DO and/or MD) and at least 2 years postdoctoral experience with relevant, high impact publications. Evidence of level-appropriate funding for applicants at the assistant professor level is highly desirable, and an active, extramurally funded research program is required for applicants at or above the level of associate professor. Laboratory space, start-up funds and salary will be competitive and commensurate with academic rank and experience.

Application review will begin November 1, 2014 and continue until the position is filled. Applicants should apply online at https://jobs.msu.edu/ (Faculty/Academic Staff, posting 0225). Application should include a cover letter, curriculum vitae, statement of research goals and teaching philosophy, up to five relevant reprints, and three reference letters. Inquiries regarding this position, but not application materials, may be directed to Dr. Narayanan Parameswaran (paramesw@msu.edu), Search Committee Chair.
